DETAILED ACTION

Claims 1-3 are pending in this application.

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on September 1, 2004 was noted and the submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner has considered the information disclosure statement.

Action Summary

2. Examiner acknowledges the cancellation of claim 4. Therefore, any and all rejections and/or objections directed towards it are hereby withdrawn.
3. The rejection of claims 1 and 2 under the judicially created doctrine of obviousness-type double patenting is hereby withdrawn as applicant has amended the claims to overcome the rejection.
4. The rejection of claim 1-3 under 35 U.S.C. 102(e) as being anticipated by Mandeville, III et al. is being maintained for the reasons stated in the previous office action.

Response to Arguments

5. Applicant's arguments filed January 24, 2005 have been fully considered but they are not persuasive.

Applicant argue that the prior art reference of Mandeville, III et al. does not teach a compressed tablet that comprises a pharmaceutical ingredient and a polyallylamine. Examiner disagrees. Column 3, lines 19-25 teach an embodiment of the invention which comprises oral administering to a mammal a therapeutically effective amount of a fat-binding polymer in combination with a therapeutically effective amount of a lipase inhibitor. As recited in the previous office action column 4, lines 25-27 teach the polymer can include polyallylamine. It is the position of the examiner that the lipase inhibitor can act as the pharmaceutical ingredient. Therefore, Mandeville, III et al. discloses the claimed invention.

Conclusion

6. Claims 1-3 remain rejected.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 1616

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
